

Assembling the Rover

AR Track, Week 2

This Week

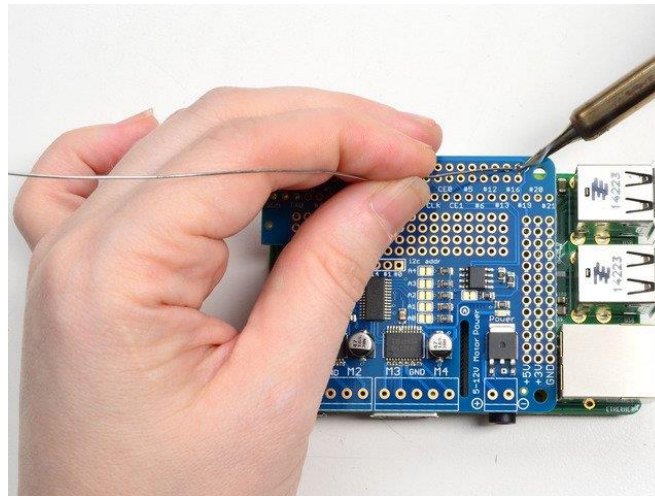

- You should receive your kit by the end of the week (although don't worry if you don't, there's enough time to catch up later)
- Follow the assembly instructions and videos to build the rover
- Soldering will be required

<https://learn.adafruit.com/simple-raspberry-pi-robot/assembly>

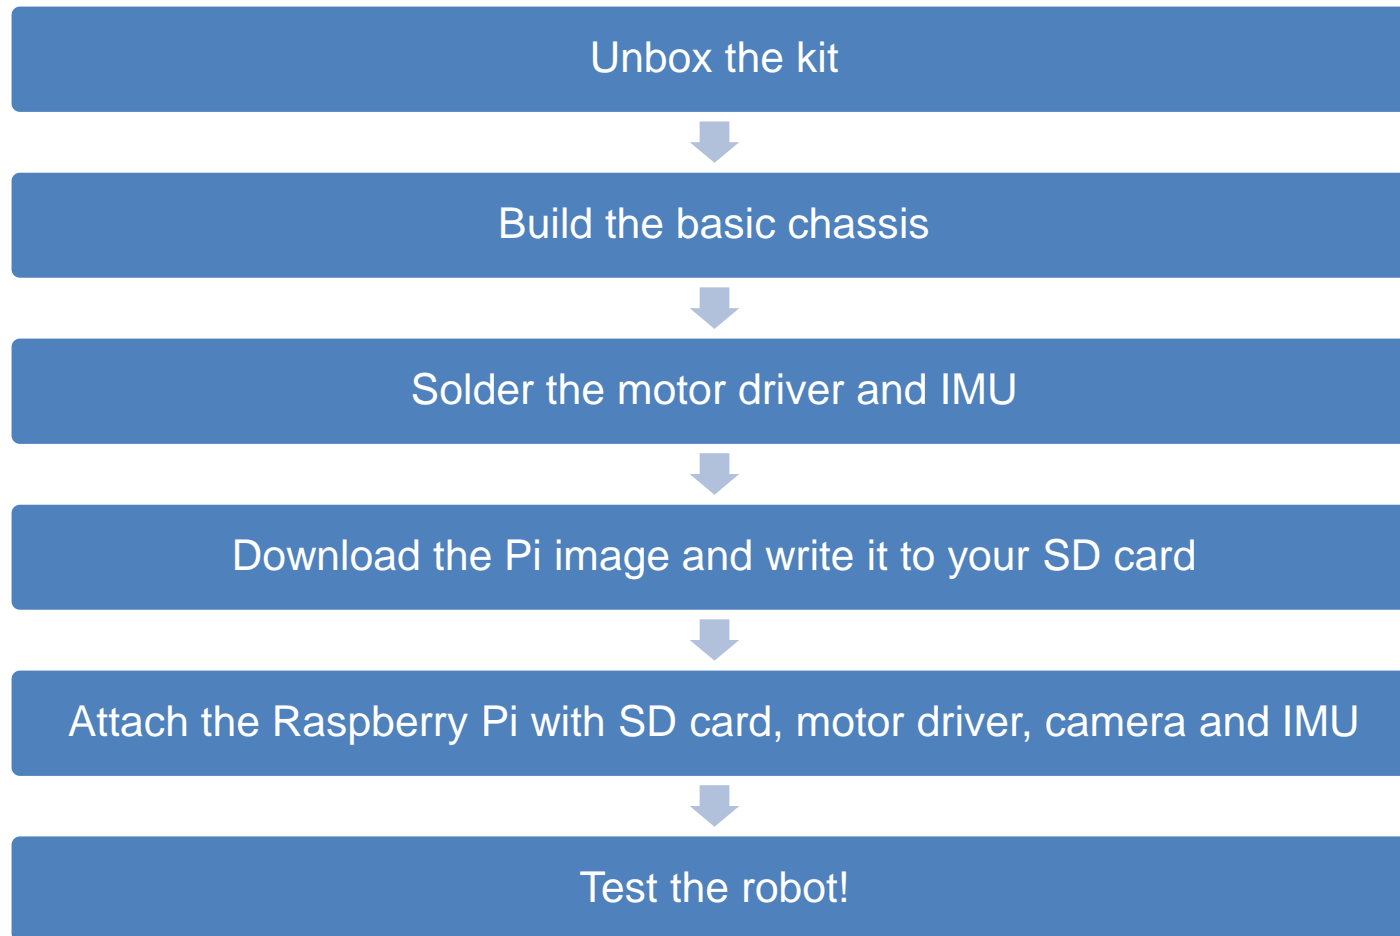

You will need:

- Full kit
- HDMI-compatible screen, keyboard and mouse
- Wi-Fi internet access
- Soldering iron
- Screwdriver
